

CV SCOTT WILLIAMS DIRECTOR

Scott Williams has a career that has spanned across government, professional services, construction, and manufacturing.

Scott received his Bachelor's Degree in Civil Engineering and then went on to complete an MBA. After gaining experience as a Civil Engineer, in the 1990's Scott founded COMPLETE Urban. Originally based in London, Scott brought COMPLETE back to Australia when he returned home in 2001.

Scott is also a founder and Director of HUB Street Equipment and CA&I (Community Assets and Infrastructure). Across the three businesses, Scott is dedicated to Public Works and continually seeks to find innovative solutions to problems encountered in delivering community projects.
