

REDCLIFFE MUSEUM BUILDING UPGRADE

COMPLETE have been engaged to prepare architectural designs for the Redcliffe Museum Building Upgrade.

The scope of the works include:

- An extension to the side of the building between the portico and toilet facilities, taking into consideration the potential future uses of the portico.
- Additional floor area and an upgrade to the latest technology.
- A new exhibition and programming space, new entrance and DDA compliant toilets integrated into the building.

LOCATION: REDCLIFFE, QLD
PROJECT TYPE: Architectural
BUDGET: \$1M
STATUS: Completed
ORGANISATION: Moreton Bay Regional Council
